A 'Real Independent'
For Florida District 23
It takes only 'ONE' to be
a Force Multiplier

Mark Napier for Congress 2022 Committee
1007 North Federal Highway, No. 26
Fort Lauderdale, Florida 33304

Greetings!

This **is not** a solicitation for fund raising. It's a matter of informing your establishment of my genuine intentions to represent the people [Dreamers] whom I consider to be the 'Discarded and Forgotten'--the middle and low-income, the impoverished and the homeless-- who do not have a voice in Congress. This of course includes the elderly, the disabled, veterans, women and children in distress and foster care children, regardless of ethnicities or orientation. I was baptized a Christian, but I respect all forms of religion to include the Jewish, Islamic, Buddhist and Catholic faiths.

Enclosed you will see I am well qualified and bring a great deal of National level experience to the table. I am pursuing Florida's District 23 U.S. House of Representatives seat for this General Election on 8 November 2022, as a 'Real Independent' candidate. Included you will find my poster with a personal quote on the back and a letter that reflects my qualification for office that also asks for equal access to forum participations.

All too often in South Florida the media is heavily slanted to the left and ignores the Non-Party Affiliates. Though I have my sights set high, I have demonstrated that "It takes only 'ONE' to be a Force Multiplier....ONE being Optimistic, Neighborly and Experienced." I ask for your support in pushing the word out that I have your best interest at heart and encourage you and your followers to visit my website: **NAPIERforCongress2022.org** to assess for yourself.

I stand with Israel and have demonstrated good faith toward Muslim allies. I have directly supported the Middle East Peace efforts following Israel's "Operation Grapes of Wrath" in 1996 against Iranian backed Hizballah and conducted Counterterrorism Operations over the course of my careers. I have also endorsed VISA recommendation letters for my Muslim interpreters who were like family to me in Afghanistan. I shared the Pashtunwali custom with Afghans in general and those whom I worked closely with along the Afghan/Pak border for two plus years.

I know what poverty is like as I saw it throughout parts of the world, and I too was left chronically homeless for five years following the Great Recession in 2009. With perseverance

and fortitude, I pulled myself off the streets in 2015 and now I seek office. I will bring life changing experiences and my dual careers spanning nearly 30 years to bear in representing the best interest of the people. I will not be influenced by or in the pockets of Special Interest Groups or Lobbyists who are profiting in some cases from the high inflation. High inflation, as a precursor to the looming recession will only bring a redistribution of poverty--not wealth--as many of us will be forced into the streets because of greed in most cases. In 2009, 1.6 million people lost their homes and 625,000 were left homeless. As noted before, I was one of them.

While visiting my website, you will see many issues that I support. Some you may disagree with like my support of Pro-choice, LGBT marriage, and 2nd Amendment Rights. I do not support the 'Defunding' of Law Enforcement though more training is needed, as well as judicial reform. I support Consumer Rights and 'Price Gouging' limits impacting rent/HOA and maintenance fees.

I took an oath to the Constitution a long time ago to support our Civil Rights and Liberties, including Freedom of Speech, Religion and the Right to Assemble. It is important to know that I am not...“A do anything or say anything” candidate to win office. I have no ego to feed or a chip on my shoulder. If elected, I would establish satellite field offices closer to underprivileged neighborhoods and I would establish focus groups to gage public input on policy matters.

I lead by example using my family and military values of Loyalty, Duty, Honor, Respect, Integrity, Personal Courage and Selfless-Service. I believe that with Equal Rights, comes Equal Responsibilities and Equal Accountabilities. I am also one of the few to run for office with a proven track record of passing a full-scope investigations with lifestyle polygraphs for over 20 years to hold a Top Secret clearance of which less than 1% make it through the process. If the same standards were applied today to political candidates, most would be eliminated.

I have several articles I have written that are linked to my EIN Presswire Newsroom addressing issues (in detail or highlights) like poverty in the LGBTQ+ and minority communities, support for education reform by incorporating best practices of Harvard / Yale style teaching formats down to K-12 levels, Economic HubZones, short-term solution to the Broward County 911 Call Center problem and the need for more Whistleblower Protections. Additional information on Policy Issues I would pursue involving Social, Economic and Political initiatives is posted on my site.

During these high inflationary times, in lieu of a contribution, please encourage others to visit my website: **NAPIERforCongress2022.org** for details on my biography and transparent story to at least disseminate by text, email or by social media my website and a copy of my virtual posters of your choosing to their network of family, friends, and colleagues within District 23. An electronic copy of this letter and the enclosed material is available upon request. Thank You for your valuable time!

V/R Mark Napier, MAJ, Ret. USAR
